THE FRAGRANCE

Oudict

A Woody Oriental Signature

Oudict is a masterpiece of depth and distinction from Nffadh, a French fragrance house with its heart in Paris and its presence in Dubai. It is a fragrance that commands attention with quiet confidence, written for those who want to be remembered by the trail they leave behind.

Discover Oudict at nffadh.com/en/product/oudict, available online and in select boutiques across the United Arab Emirates.

The Character of the Scent

Oudict opens with the spicy brightness of pink berries, cardamom, and nutmeg, creating a refined and alluring introduction. The heart unfolds with aromatic lavender, earthy patchouli, and elegant vetiver, forming a sophisticated balance of warmth and freshness. The base reveals the noble richness of oud and cedarwood, leaving a bold, enduring trail that speaks of elegance, strength, and timeless allure.

As a luxury Dubai perfume with French craftsmanship at its core, Oudict sits precisely where French perfumery and Middle Eastern olfactory tradition meet. The oud is treated the way a French perfumer treats it: as an anchor that adds depth without overwhelming the composition.

THE HOUSE

Nffadh —
French Craft, Dubai Heart

Nffadh is a French perfume house operating from Dubai, bringing Parisian composition to the fragrance culture of the Gulf. Every Nffadh scent is formulated in France with the climate of the United Arab Emirates in mind, a rare combination that most European brands overlook and most regional brands cannot replicate.

What Makes Oudict a French Perfume Dubai Choice

French perfumery tradition. Oudict is developed by French-trained perfumers using raw materials sourced from traditional European suppliers, with oud and cedarwood at its base.

Climate-resilient formulation. The humidity and heat of Dubai change how a fragrance projects on skin. Oudict is formulated for amplified sillage in humid conditions, so it performs the way it was designed to, year-round.

Niche concentration. Oudict is an Eau de Parfum at a concentration that gives it the longevity expected of niche fragrance without the heaviness of pure parfum.

THE WEARER

Who Wears *Oudict*

Oudict is written for those who dress intentionally and prefer presence over noise. It suits evenings and occasions where being remembered matters, and it carries beautifully through a working day in Dubai's office towers, where climate control and long hours punish weaker compositions.

When Oudict Works Best

Occasion	Why Oudict Suits It
Evening events	The oud and cedarwood base carries beautifully across long evenings.
Hot Dubai summers	Climate-adapted formulation holds its character in humidity.
Business & boardroom	Refined sillage, present enough to be remembered, never intrusive.
Cold-weather travel	The warm woody base anchors the scent even in dry European winters.
Signature daily wear	Unisex composition with the complexity to evolve through the day.

A Note on Sillage

Sillage, the French word for the trail a perfume leaves behind, is where Oudict shows its craftsmanship. The composition is calibrated for balanced sillage: enough to announce a presence without overwhelming a room. On warm skin in humid climates, the oud and cedarwood base lasts through a long day, revealing its complexity slowly over time.
